

Stay Prepared. Stay Protected.

Allow rapid access to vital medical details in an emergency.

**FULLY FUNDED
MEMBERSHIP
FOR ONE YEAR**

Join our dementia safeguarding programme,
Safe and Found

Your first year of membership is fully funded by
MedicAlert and the McLay Dementia Trust.

Find out more - scan the QR code or
visit www.medicalert.org.uk/mclay-dementia-trust

What do you need to do?

The programme is available to anyone living in the UK or Republic of Ireland who has been diagnosed with dementia or another cognitive memory loss condition.

Apply today

Submit an application form to activate your membership.

Purchase an ID

Purchase your choice of ID to enable access to your MedicAlert record.

Store a Herbert Protocol

To support the police, you'll need to submit a Herbert Protocol within 2 weeks.

Complete Surveys

Help The McLay Dementia Trust understand the impact of MedicAlert.

How does MedicAlert work?

All MedicAlert members wear a medical ID, engraved with their most vital information. In an emergency, their full digital record can also be accessed to aid care decisions. Membership costs less than 10p per day; this gives you 24/7 emergency support and peace of mind.

- Internationally recognised ID symbol
- 24/7 worldwide emergency helpline
- Large choice of medical IDs
- Registered nurse checks
- Loved ones can help manage your record
- NHS recommended

"A completed Herbert Protocol, securely stored with MedicAlert, allows the emergency services to access pivotal information to focus their efforts on locating people living with dementia that happen to go missing."

Inspector Neil Taylor, West Yorkshire Police
