# WHERE TO LOOK

# A

## AIRWAY

# B

## BREATHING

# C

## CIRCULATION

# D

## DISC

### 1

## CHECK EVERY CASUALTY FOR A MEDICALERT

This will most often be found near their pulse point (wrist or neck), although please be aware that some members choose to wear their MedicAlert in other locations.

There are a range of styles available, and they all clearly display the international MedicAlert logo on the front.

### 2

## CALL THE 24/7 EMERGENCY LINE

You should call the emergency line number:

**0207 407 2818**

quoting the unique GB membership number on the back of the disc the casualty is wearing.

This is the reverse charge line available 24/7, 365 days a year.

### 3

## CONFIRM CASUALTY'S MEDICAL DETAILS

Our response team will provide instant access to your casualty's medical information, emergency contact details or Advance Decisions in order to assist you in their immediate treatment.
